Location and Design Report

DATE: 9/29/2020

FILE: P.I.# 0015566
Talbot County / GDOT District 3 - Thomaston
Bridge Replacement on SR 190 @ NS # 718623W

FROM:  for Kimberly Nesbitt, State Program Delivery Engineer

TO: Brent Story, P.E., State Design Policy Engineer
Attn: Dave Peters, P.E., State Conceptual Design Group Manager

SUBJECT: Request for Location and Design Approval

Description and Project Proposal: The project proposes to replace the bridge on SR 190 @ NS # 718623W in Talbot County, located 2.5 miles west of Manchester. The total length of project is approximately 2000 ft. beginning 877 ft. west of the existing bridge abutment and ending 1011 ft. east of the existing bridge abutment.

Concept Approval Date: September 19, 2019

Concept Update: Since the concept approval, the proposed bridge has changed from a single span bridge, 120-ft long by 39.25-ft wide bridge to a single span bridge 140-ft long by 39.25-ft wide.

After completing a more refined survey, it was determined that the project terrain is mountainous not rolling. The State Conceptual Design Group Manager has amended the original concept report with a note dated October 16, 2020 which explains this. The maximum grade was also corrected to seven percent.

Environmental Document Type: NEPA - PCE **Approval Date:** 2-23-2021 ~~Pending Approval~~

Public Involvement: PDOH held on February 27, 2020, thirteen (13) people were in attendance, 1 comment was made.

Consistency with Approved Planning: The design description as presented herein and submitted for approval is consistent with the approved Concept Report.

Recommendations: Recommend that the location and design for the project be approved and that the attached Notice be approved for advertising.

Concur: Hierl Butel 10/30/2020
GDOT Director of Engineering Date

Approve: David Norwood 11/2/2020
For GDOT Chief Engineer Date

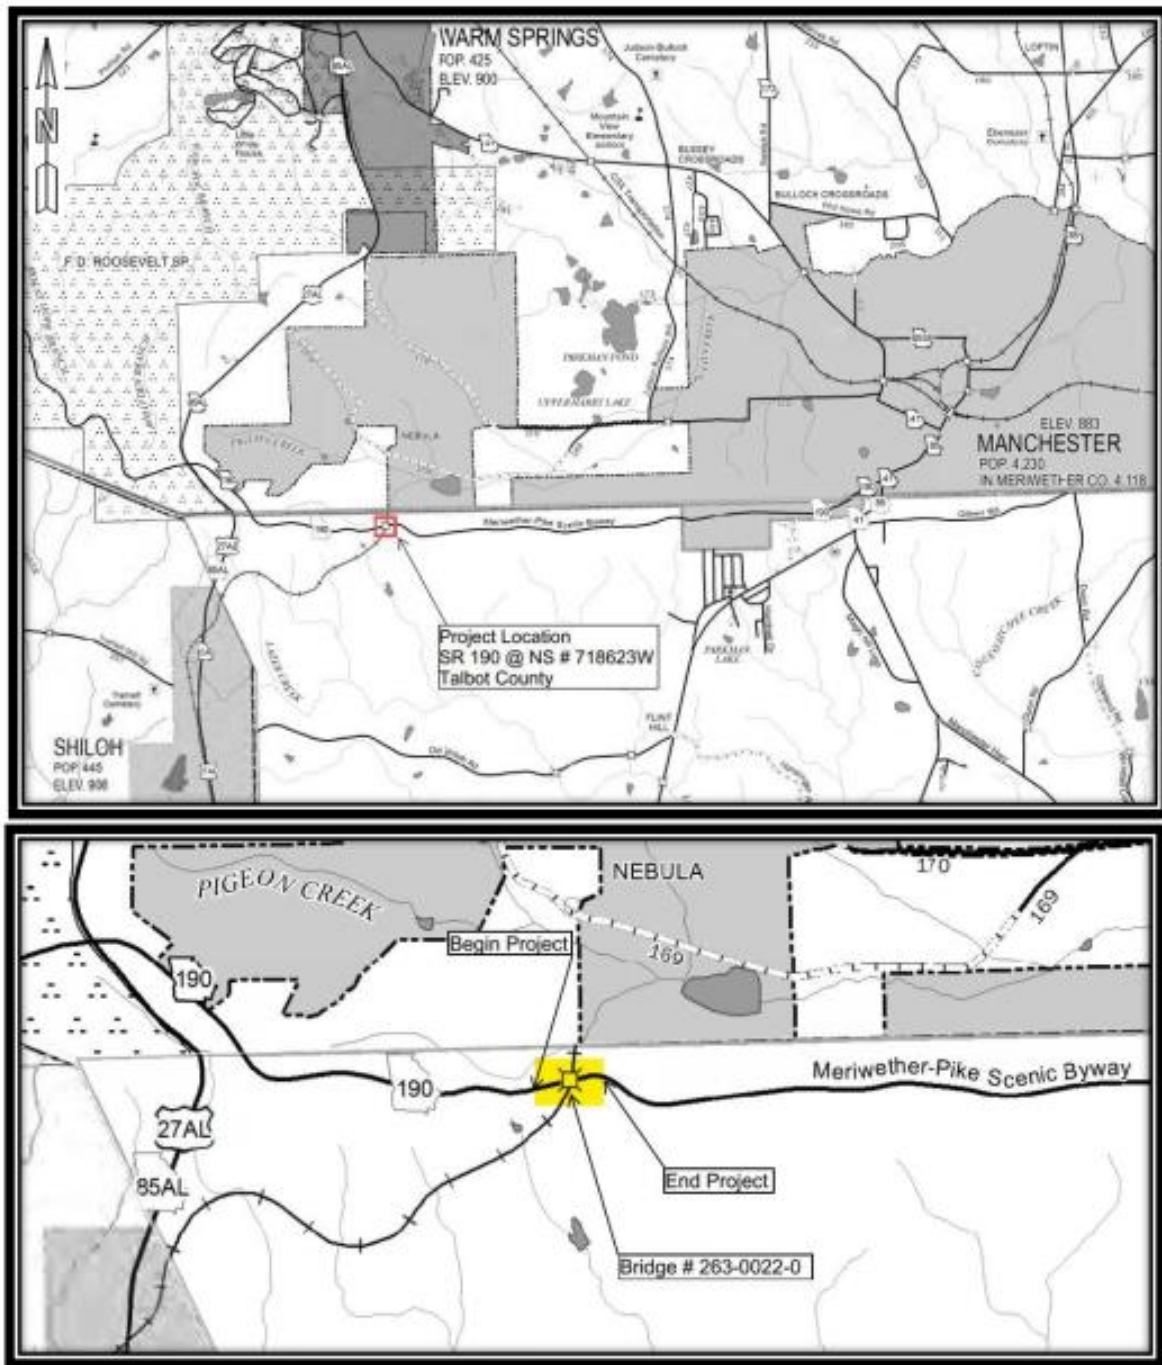

DATE OF LOCATION AND DESIGN APPROVAL:

NOTICE OF LOCATION AND DESIGN APPROVAL

P. I. 0015566

TALBOT COUNTY

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location and design approval is: March 2, 2021

The project is located 100% in Talbot County, Congressional District 2, located on Land Lot 146. The total length of the project is approximately 0.4 miles long. The proposed new bridge over NS 718623W will be constructed at the current location along the existing roadway centerline.

The roadway typical section on both approaches to the bridge consist of two 12 ft travel lanes with 6 ft overall shoulders that includes 2 ft paved and 4 ft unpaved. During construction, an off-site detour will be utilized to accommodate traffic currently using SR 190 as a through route.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:

JD Abercrombie, Area Engineer
District 3, Area 2
jabercrombie@dot.ga.gov
3600 Schatulga Road
Columbus, GA 31907
706 568 2165

Any interested party may obtain a copy of the drawings or maps or plats or portions thereof by paying a nominal fee and requesting in writing to:

Kimberly W. Nesbitt
Office of Program Delivery
Attn. Jonathan Barnett
jbarnett@dot.ga.gov
600 West Peachtree St NW
Atlanta, GA 30308
(205) 807-5046

Any written request or communication in reference to this project or notice SHOULD include the Project and P. I. Numbers as noted at the top of this notice.
